

# SDIP II

## Workshop group work

Farid

---

International Centre for Integrated Mountain Development

Kathmandu, Nepal

# Objectives of the Programme

## **Goal:**

Improved integrated river basin management, to reduce physical vulnerabilities and improve food and energy security

## **Outcome:**

Actionable proposals for integrated water resource management practices and policies formulated, shared, and used

# Building on

- Upper Indus Basin Network
- HYCOS
- Work on cryosphere and climate change
- Building synergistic efforts with ICIMOD and Partners existing initiatives
- Building on trusted partnership

- Developing priority actions and partnership plans
- Discuss and define clear roles and responsibilities

# Outputs

1. Four yearly implementation plan for SDIP II
2. Concrete activity plan for the first year
3. Partnership plan with defined roles

# Thank you
