GLOF in Bhote Koshi River

Changing drivers of natural hazards

The hazards in HKH the has increasingly shown multi-hazard and cascading nature

Our engagement with NDRRMA and other stakeholder highlighted the need to take multi-hazard risk approach

The methodological aspect of assessment has to be strengthened, particularly from HKH perspective

Recent development in Loss and Damage discourse and challenges

In this meeting

Present our work on MHRA

Share current knowledge
related to MHRA and LND

Expert inputs to MHRA and
LND to develop a framework
for HKH

Guidance from stakeholders

• Thank you
